INTRODUCTORY NOTES.

The town of Lee, Mass., was formed from parts of Great Barrington and Washington, the Glass Works Grant, and part of Williams's Grant. It was incorporated Oct. 21, 1777, and the first town meeting was held Dec. 26, 1777.

The number of inhabitants at the time of incorporation has been variously estimated from 250 to 350. It is probable that the latter number is more correct. In 1791 the population was 1,170; in 1800 it was 1,267.

The first settlers were mostly from neighboring towns, and from Connecticut. Several families, however, were from Plymouth and Barnstable counties, and several Dutch families from New York, were located on the Hoplands, and Glass Works Grant. Soon after the incorporation, a considerable accession to the population was made by families from Barnstable, Sandwich, Wareham, Falmouth and other Cape towns, where the sea-faring occupations of the people had been partly suppressed by the British during the War of the Revolution, forcing them to seek a subsistence elsewhere.

The publishments and marriages, births, and deaths among these pioneers, which are recorded on our town and church records, with also, the few inscriptions in our early burial grounds are gathered into this volume.

The vital records of the town clerks include all entries to the present century, but as the birth records in this town were arranged by families until 1844, when the present uniform system of vital records went into effect in this state, in order to make this department of the records satisfactory, and of use to genealogists, each of these family records is given as completely as recorded — several extending into the third decade of the present century.

The town clerks for the period over which the birth records in the volume extend, were as below, with the term of service of each:—

Prince West was chosen at the first town meeting and served to March 18, 1782, but according to the first two publishments recorded (see p. 1), he acted as such before he was chosen Dec. 26, 1777; Thomas Beecher served from March 18, 1782 to April 7, 1783; Nathan Dillingham from April 7, 1783 to March 4, to 1793, and also from March 7, 1814 to March 4, 1816; Daniel Wilcox from March 4, 1793 to March 3, 1806; Nathaniel

Thayer from March 3, 1806 to March 9, 1807; Cornelius T. Fessenden from March 9, 1807 to March 7, 1814; Ransom Hinman from March 4, 1816 to March 8, 1824.

The records prior to Jan. 24, 1791, were first entered in a make-shift book, from which they were transcribed into a more permanent volume by Mr. John Powers, in accordance with a vote of the town Dec. 20, 1790. The original has not been preserved. The copy appears to be the work of a man of slight education. It abounds in rare orthography and construction, but is in a fairly legible hand. Mainly the records for that period pertain to town meeting transactions, elections for state and county officers, cattle marks, and road surveys;—the vital records received little consideration.

The copied part of the records extends over more than thirteen years from the town's incorporation, and the vital records entered during that time, were the publishments and marriages on the first two and a half pages of this volume, and the following birth records:—

Joseph Freeman Austin, p. 12;
 Sarah, Abigail and Rebecca Dillingham, p. 21;
 Children of Asahel Dodge, except Samuel p. 21;
 Percival record to Hannah, p. 33;
 Walker record, excepting death of Caleb, p. 38;
 Mary, Prudence, and John Brewster West, p. 39;
 Christian and Azuba Wood, p. 42.

The dates of most of the above mentioned births, prove that they were originally recorded by Dillingham, and judging from the peculiar form of entry, it is probable the others were recorded by West.

The only death noted is that of Huldah Walker, in the above mentioned Walker record.

The list of marriages at the bottom of p. 3, was recorded by Nathan Dillingham, and a few birth records are in his writing, also the record of Caleb Walker's death. Several of the publishments of the preceding clerk were recorded by Daniel Wilcox. It is supposed that the record of publishments and marriages by the latter is complete. Most of the birth records herein printed are wholly or in part in his writing.

Wilcox's records are not very plain. Evidently he drove a rapid, and careless quill. In his manuscripts small e and i are generally indistinguishable, and the same character often stands for small a, o and u. Altogether his writing is very peculiar. Numerous words are not fully written out,—the most frequent fault in this respect being the omission of a letter or syllable from the end of words. The last peculiarity is not often seen in his vital records, but cler for clerk appears in the last intention on p. 5, and several times also on pp. 7, 8, 9. Some date-errors also appear; as for instance, he records that his brother Oziel was killed at Sheffield, March 27, 1787. Oziel was an adherent of Daniel Shays, and was killed in the skirmish which took place between the insurgents and state forces at Sheffield

Feb. 27, 1787. Other errors of date have been noticed, and where considerable are noted. His record of the death of his brother Peter (p. 46), and of his sister Electa (p. 48), are circumstantial to an extent seldom attempted by town clerks.

The records in Dillingham's own hand, and those by the other clerks, were more carefully written, and probably are more correct.

For further information regarding the birth records, consult note on p. 12, and regarding the record of deaths, consult note on p. 43.

There are doubtless some gaps in the continuity of the church records before Dr. Hyde's pastorate, but the names of all members of the church are mentioned therein, which appear for that period in the first published list (supposed date 1818), except David Baker, and Stephen Tobey, received in 1792. Whether all the baptisms are mentioned, cannot be determined.

The records kept by Dr. Hyde contain a list of all baptisms, admissions to the church, marriages solemnized by him, and deaths in town from June 6, 1792 to the time of his death in 1833. His records herein printed are limited to the close of the year 1800.

The matter from both the town and church records, has been carefully printed from the original manuscripts — the spelling, abbreviations, and punctuation being exactly given, and since it was printed has been compared with the original, and all typographical errors, which have been discovered, have been corrected or are noted among the errata on p. 108.

All the inscriptions antedating 1801 in the early burial grounds are carefully reproduced, and the marriages of some Lee people recorded in other towns, are given in the appendix; also several family records inadvertently omitted from the records of births, pp. 12-42.

The reason the volume is limited to so short a period of the town's existence is that it has been for the most part printed from forms for a larger book which contains all the extant records of the town officers, Congregational church, Hopland School District, etc., for the same period,—a few necessary changes of type having been made.

It was thought a few copies containing only the matter herein given, might be of value for local use, and for genealogical libraries, and so it was proposed to print 150 copies, but in printing, several extra sheets were struck off — the whole being 158.

This may certify that the intention of marriage between John Remmele & Haunah Barlow both of Lee [was] made public Feby 16, 1796 married by Rev^d Alvan Hyde April 19th 1796

‡ This intention is also in the Lenox Records (same date), and the marriage recorded as follows: "1801, Jan^y 1st Edward Hatch of Lee to Lucy Taylor of Lenox."

Note:—From the appearance of the Records, it would seem that the publishments and marriages were not always promptly recorded, but were allowed to accumulate and entered when convenient. Thus several of Nathan Dillingham's publishments were recorded by the succeeding clerk, Daniel Wilcox. The entries also, are not always given chronologically, and there are several entered twice. The small number of entries between 1780 and 1790 can only be explained on the presumption that they are not all given.

The marriages of several Lee people have been found on the records of other towns, and will be given in the appendix.

Records of Births.

Note:—The following family birth records, which in the original are scattered over many pages without order, are arranged alphabetically for convenience of consultation.—All births recorded prior to January 1, 1801, are given, and every record commenced, given in full, except those of Ransom and Polly Hinman and Reuben and Susanah Carey—no children being born to them until after the above date.

In some of these family records, all the births seem to have been recorded at the same time; in others after one or more had been recorded, space was left, which in some cases remains blank, but in some, more space, as the years passed was required, and the record was continued on another page.

The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

In the second part of the paper the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

In the third part of the paper the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

In the fourth part of the paper the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

TO THE EDITOR:
I am writing to you to inform you of the results of my research on the properties of the new material which I have discovered. I have found that this material has many interesting properties which are different from those of any other material known to man.

I have found that this material is very strong and hard, and it is also very resistant to heat and cold. It is also very resistant to corrosion and to oxidation.

I have found that this material is very easy to work with, and it can be shaped into many different forms. It is also very cheap to produce, and it can be made in large quantities. I believe that this material will be very useful in many different applications, and I hope that you will be interested in it.

I have attached to this letter a copy of a report which I have written about this material. I hope that you will find it interesting, and I would be very glad to hear from you again.

Very truly yours,
J. Edgar Hoover

Section 1: Introduction

The purpose of this study is to investigate the effects of various factors on the growth of plants. The study was conducted over a period of six months, during which time the plants were observed and measured under different conditions. The results of the study are presented in the following sections.

Section 2: Materials and Methods

The materials used in this study included various types of plants, soil, and water. The methods used included planting the plants in different soils, watering them at different intervals, and measuring their growth over time.

Section 3: Results

The results of the study show that the growth of plants is affected by the type of soil, the amount of water, and the amount of light. Plants grown in rich soil and with regular watering and light showed the most rapid growth. Plants grown in poor soil and with irregular watering and light showed the slowest growth.

Section 4: Discussion

The results of this study are consistent with previous research, which has shown that soil quality, water availability, and light are important factors in plant growth. The study also suggests that plants can be grown successfully in a variety of conditions, as long as the basic requirements are met.

Section 5: Conclusion

In conclusion, the study has shown that the growth of plants is affected by various factors, including soil quality, water availability, and light. The study has also shown that plants can be grown successfully in a variety of conditions, as long as the basic requirements are met.

Deaths.

The necrology of the early years of the town is very brief. The inscriptions on a few crumbling stones in the cemeteries, and the short list of deaths given in connection with the family birth records, contain it all until 1792, when Dr. Hyde commenced his admirable Church Records, included in which is a carefully recorded list of deaths which occurred in town during his pastorate.

The death of Pelatiah West is given after the birth record of Elijah and Marah West's children, and the deaths of several of the Crocker family, after the birth record of Joseph and Polly Crocker's children; but except as connected with the records of births, there is no registry of a death on the Town Records until that of Molly Casey, May, 1795, and there is no other recorded until 1797. Scattered here and there on several of the pages allotted to the birth records, are entries of some of the deaths in town between 1797 and 1804—the list of 1799 being nearly complete. In 1804 a systematic record was commenced, and has been continuously kept. These scattered entries, and also those deaths noticed in the preceding Records of Births, are here arranged chronologically. The latter are designated by the page on which they are printed being placed after them; the others are printed as recorded. Some of the dates and ages given in this record, Dr. Hyde's, and in the inscriptions in the cemeteries do not correspond. These are noted if the discrepancy is considerable.

Docke West was chosen Moderator and Mr. Collins Scribe, the Counsel was opened by prayer seeking to God for Counsel and direction in the important Matters to be laid before them. ———

The Counsel then gave a full and candid hearing to a paper laid before them signed by 21 of the inhabitants of the town, containing a request that the Counsel would not proceed to ordain Mr Parmele to the work of the Gospel Ministry in this place, [in] which also their reasons against it were stated. — After which the Counsel proceeded to a strick and carefull Examination of the Candidate, and were unanimously agreed that he appeared to be a person duely qualified for the important Office of the Gosp Ministry and after carefully deliberating the Objections which were made against Mr Parmeles being set apart to the pastoral Office amongst them the Council were of the Opinion that these Objections sentered in a Disapprobation of Mr Parmeles religious Sentiments, and that his Sentiments were in their Judgement strictly founded on scripture so that they judjed these objections to be groundless: the Counsel wer of opinion they ought to proceed to the Ordination of Mr Parmele and did accordingly set him apart by prayer and the true position of hands to the pastoral Office over the Church and people in this Town.

[It may reasonably be supposed that the above account of the ordination of Mr. Parmele was copied into the Records about 25 years after the event, for Alvan Hyde, Jr. was born in 1794, and the writing has the characteristics of that of a boy in his early teens.

The following Church Records are entirely by Dr. Hyde, and contained in a separate Book from the preceding.]

Inscriptions from the Cemeteries.

In the old grave-yard, now in the north-east corner of the cemetery near the center of the town, there are 72 monuments with memorials to 84 persons who died before 1801. Matthey, daughter of Joseph and Lois Hendy (see p. 85.) is supposed to have been the first person buried there. Doubtless there were earlier deaths among the settlers here, but no certain record of any has been found. In Holland's Hist. of Western Mass. (vol. 2, p. 516.) is the following: "The first death that occurred in Lee befell a child of John Winegar. The death occurred at Crow Hollow, and the child was buried on the West side of the river." Probably the statement was made on traditional authority.

It is supposed one of the earliest graves is marked by a rough stone bearing only the rudely carved letters S.B. The name for which these letters stand has not been determined. The stone with the letters I.V.D. marks the grave of Isaac VanDeusen, 8 years old, a son of Matthew VanDeusen.

Only two dated before 1801 are in the South Lee cemetery; one at the grave of Isaac Davis, the first settler, the other at the grave Abijah Stearns.

A few early graves in each cemetery are marked with uninscribed, unhewn slabs of stone. There are, also, several early graves marked in the same manner near the residence of C. E. Morley, Cape St., where, according to tradition, some of the settlers in that section named Gifford and Roberts were buried.

If any of the early inhabitants were buried elsewhere in town, all knowledge of their graves is lost.

Owing to weathering, probably some of the punctuation has been effaced from some of the stones.

The interlined letters and words in the inscriptions here given, are shown as well as possible with ordinary type. On the stones they are close to the lines to which they belong.

ERRATA AND OMISSIONS.

- Page 1. In second publishment, for "Ichabod," read "Ichobud."
 Page 10. In second intention from bottom, for "Polly Ball," read "Patty Ball."
 Page 27. Record regarding Rebecca Hatch doubtless incorrect:—"Rebecca, wife of Mr Oliver Hatch died May 1st 1788". See p. 87.
 Dates after Polly and Ira Hill, printed as recorded.

In a copy of the 1st vol. of town records, made by Franklin G. Taylor in 1858, is the birth record of Benjamin Hinckley's children with the three dates ~~wanting~~ which are wanting in the original 1st vol. These dates are not in the writing of the copyist, but in that of a town clerk later than 1858.

The record of the copy is:—

Children of Benjamin Hinckley & Puella Goodspeed his wife

Electa Hinkley Born Jan 10. 1787 ["Hinkley," in record.]

Thomas Goodspeed Born Feb 5, 1789.

Warren Hinckley Born April 24. 1795.

Charles Hinckley Oct. 22, 1800.

Luther Thatcher Hinckley May 2d, 1809.

- Page 30. "Lem! ", son of Calvin Ingersoll, indistinct,—may be Lemi.
 See p. 94 for births of three last of David Ingersoll's children.
 Page 50. Mrs. Jesse Bradley's name incorrectly recorded,—should be Mamry or Mamre (see p. 87).
 For "Ruhannah Ball", read "Ruhamah Ball".
 Page 54. For "choose" in second line, read "chose."
 Page 59. In fourth line,—“letters missive from the Church in that place”, etc., should be,—“letters missive from the church of Christ in that place”, etc.
 Page 63. In baptisms, July 8, for “Elisha son of Lydia Ingersol,” etc., read “Elihu, son of Lydia Ingersol,” etc.
 In baptisms, Sep. 23, Mrs. Jonathan Foot's name is incorrect in record:—see pp. 24, 87.

N. B. An error was made in ascribing the first part of the first book of church records to Wm. Ingersoll (see pp. 52, 55). A more careful scrutiny of the manuscript shows that it is not in his writing, though closely resembling it. The writer is unknown. The writing stated in the second note p. 55, as supposed to be Deacon Oliver West's has been positively identified as his.
